Dear Mario,

On behalf of my family I would like to thank you for your contribution to the building of our beautiful family home.

Chelster Hall represents the coming together of history, artistry, ingenuity and community, and the desire to create something of substance and enduring value for this generation and many more to come. It truly captures the experiences, values and dreams of a lifetime.

You and your enterprise have been an important part of that journey. I hope that you will look back on the experience in years to come and know that your dedication to quality in your craft has made it possible.

With sincere gratitude,

Hugo Powell
